

## AESA AWARDS - MONTREAL

INC developers, has bagged the prestigious award for “The Best Non Residential Building – 2012” from The Association of Engineers, Surveyors & Architects (AESA ). The award has been bestowed to INC on account of its exceptional architectural designs for Montreal – Office building complex, located in Baner Road, Pune. Montreal has established the trend of green office buildings with well designed package to meet the client’s requirement. The AESA award has been instituted to recognize excellence in the building industry. The AESA was founded in 1970, All the facets of the building industry comprising architects, civil engineers, contractors and structural consultants find representation in the AESA forum
